RORY O'CONNOR'S INSURGENT TROOPS HOLD DUBLIN COURTS DESPITE FIERCE ONSLAUGHT

Free Staters Take Precautions to Prevent Other Rebels From Reaching Capital; De Valera Issues Statement Lauding Men Now Defying Provisional Government

LONDON, June 29.—(By the Associated Press.)—Fighting in the streets of Dublin is increasing in intensity, says a Central News dispatch from the Irish capital at 5 o'clock this afternoon. Irregulars on the outskirts of the besieged Four Courts district are receiving reinforcements, the message says.

Three civilians were killed in today's fighting, bringing the total number of dead to nineteen. Business houses, as well as banks are closing, the dispatch says, and the newspapers have suspended publication. Irregulars occupied the offices of the Evening Herald for a time during the fighting today.

DUBLIN, June 29.—(By the Associated Press.)—Rory O'Connor's band of insurgent Irish republican army men was still holding out in its Four Courts stronghold at noon today against the continuing attempts of the Free State troops to dislodge it.

Firing was in progress all the forenoon and there was an especially heavy burst of fire at 1 o'clock. Sniping operations were almost incessant with the casualties estimated this forenoon at more than 50, hourly increasing.

The insurgents have extended their operations in other parts of the city. Shortly before noon an ambush of Free State troops was reported from College Green and the irregulars were fighting various outposts. A party of Free State forces on the watch for insurgent activities poured a volley into a public house in the vicinity of Wednesday's ambush.

CLUB IS CAPTURED.

One of the outlying places seized by the irregulars was the Sackville street club, an old fashioned aristocratic country gentleman's club near the Nelson pillar. In addition to the various organized operations of the insurgents, their sympathizers in several parts of the city acting as snipers, made many attacks on Free State soldiers.

The provisional Free State government has ordered that no passenger trains shall enter Dublin.

FEAR REINFORCEMENTS.

This seems to point to apprehension that Rory O'Connor's forces might be supplemented by the arrival of his followers from the loyal provinces in some parts of which the irregular army has a strong support. The same apprehension seems evident in the manifesto issued today by Richard McChesney, chief minister of defense, in which he makes an eloquent appeal to the army, explaining why it is asked to fight against its old comrades.

Public sentiment from all indications is virtually unanimous in support of the government's action.

MEYING FEATURE.

The most menacing feature of the situation from the provisional government standpoint is the fact that the insurgents are developing activities along guerrilla lines, particularly in the form of ambushes.

Telegraphic communication between Dublin and the north and west of Ireland is practically at a standstill. A number of wires between Dublin and London were cut Wednesday night.

In other parts of the country, the provisional government also has military affairs on its hands. In Drogheda the insurgents, who are occupying the round tower for the hill commanding the town, have been invested by the Free State troops in the same way as at the Four Courts in Dublin. The Drogheda position of the irregulars is regarded as strong.

RUMORS OF ACTION.

From other parts of Ireland there are many rumors of insurgent action, but the reports are difficult of confirmation because of Dublin's almost complete isolation.

Both sides have been active in the business of manifestos, three state-ments having been given out by the government within 24 hours, while both Rory O'Connor and Eamonn de Valera have made appeals to the people for support.

VALERA'S STATEMENT.

Eamonn de Valera, in an interview granted today at the headquarters of the Republican party, eulogized the Irish army dissentients who are holding the Four Courts as "the best and bravest in our nation."

"They would most loyally have obeyed the will of the Irish people, freely expressed, but are not willing that Ireland's independence should be abandoned under the lash of an alien government," he said.

An impassioned plea for "all citizens of the Irish republic" to rally to its support in "this supreme test of the nation's destiny," is contained in a proclamation issued by the Irish army dissentients who are holding the Four Courts against the Free State forces.

APPEAL FOR SUPPORT.

"The fateful hour has come at the dictation of our hereditary enemy," says the appeal, "and our rightful cause is being treacherously assailed by recent Irishmen. The crash of arms and the boom of artillery reverberate in this supreme test of the nation's destiny."

"Gallant soldiers of the Irish republic stand firm in its defense and uphold the nation's honor. The illustrious dead are with us in this great struggle. Death before dishonor be the unchanging principle of our national faith as it was of the Irish. They inspire us to emulate their glorious efforts."

"We especially appeal to our former comrades in the Irish republic to return to that allegiance and to the glorious standards of the Irish republic, the stigma that has been laid upon them in retaining the hateful domination over her."

MESSAGE TO FREE STATERS.

Senator's Lead Being Imperiled As Farming Districts Report

FRAZIER STILL LAGS

Nestos Running Ahead of Baker for Nomination Of Governor

WASHINGTON, June 29.—(By The Associated Press.)—Senator McCumber, Republican, North Dakota, said late today that on the face of early returns from the North Dakota primary he appeared to be defeated.

"Apparently the early lead given to me will be overcome when returns from all the country precincts come in," said the senator. He added that he would not finally concede the defeat, but it was learned that in private conferences with Republican committee league members, he had said that he regarded his defeat as virtually certain.

LEAD CUT DOWN.

FARGO, N. D., June 29.—(By The Associated Press.)—Senator McCumber's early lead in his contest for renomination as the Republican ticket was being imperiled today by Lynn J. Frazier, non-partisan, as rural precincts started reporting on Wednesday's state-wide primary election.

For Republican senatorial nomination 361 precincts gave McCumber 26,823; Frazier, 27,521.

For Republican gubernatorial nomination, 338 precincts: Nestos, 44,878; Baker, 32,875.

(Note—Porter J. McCumber became chairman of the powerful senate committee on finance upon the death of Charles McNair, Republican, United States senator from Utah in ranking member of this committee.

Failure of McCumber to get the nomination for senator in North Dakota, means the loss of the chairmanship of the finance committee.

McCumber was defeated in the March 4 election. According to senate rules, the place would then fall to Senator Smoot.

RUSSIAN PRINCESS IN GREAT DISTRESS

PHILADELPHIA, June 29.—A woman who declares she is Princess Elizabeth Tschernicheff, once known to the courts of Europe and whose husband was the owner of vast estates and copper mines in Russia prior to the Bolshevik regime, is being cared for by the Female Society of Philadelphia for the Relief and Employment of the Poor.

She arrived here from Washington, tired, limping and with her clothes soaked with rain. She said that she had spent her last penny on the road for a sandwich and was hungry.

She said her husband had been crucified in her presence and that she had come to this country to establish her claim to American citizenship in advance of a "compact" by the commission appointed by the president and the governors of the seven Colorado river states, and urged that there be no further activities by congress until the future reports of those states have been assured by interstate compact.

Mayor Bailey requested in the telegram that the city be given an opportunity to be heard before preparing its report on the Swing bill.

Labor Board Cites Union Leaders To Appear and Explain Strike Threat

CHICAGO, Ill., June 29.—Railroad executives meeting here today dispatched a message to B. M. Jewell, head of the railway employees' department of the American Federation of Labor, declaring that the threatened strike of 400,000 shopmen set for Saturday would be a strike against the government and not against the railroads. The messages said that all contentions in the case had been submitted to the railroad labor board which had rendered its decision.

CHICAGO, June 29.—The United States railroad labor board today cited the national officers of the six shop craft unions, the railway executives now meeting here and the officers of four other railroad unions to appear before the board tomorrow afternoon in an inquiry "into the threatened interruption of traffic."

In addition to the shopmen, whose strike order already has been issued, the four other unions cited, now taking a strike vote, are the clerks, maintenance of way, stationary firemen and oilers and signalmen.

B. M. Jewell, leader of the shopmen, today served formal notice on the railroad labor board that a strike call had been issued, "on all railroads and Pullman operating department local lodges of the six shop crafts."

MEXICO CITY, June 29.—(By The Associated Press.)—Escaping from his bandit kidnappers after four days of captivity, A. Bruce Bielaski, former head of the American department of justice investigation bureau, has returned to Mexico City, unharmed, but covered with dust, unshaven and showing plainly the marks of his imprisonment in the mountains of Mexico.

EVASDES PAYMENT.

Jules Lacaud, head of the Mexico City banking firm which is understood to have furnished the \$10,000 for the ransom on the order of Mr. Bielaski's New York company, said he had been authorized to state that Bielaski eluded his captors before the money was paid.

LAWTON, Okla., June 29.—Four army airplanes were destroyed by fire in a hangar at Post Field, near here, today. Damage was estimated at \$100,000. Officials at the field said the blaze resulted from an explosion due to a leaky gas pipe and a short circuit in one of the planes.

The four planes were special-built and included "Man-O-War," Major T. G. Lanphier's machine, which was considered the best at Post Field.

ASKS MORE COURTS FOR NATURALIZATION

WASHINGTON, June 29.—A resolution for an investigation of the naturalization and Americanization of alien immigrants was introduced today by Representative Sigel, New York, ranking Republican of the house immigration committee.

"It is useless to be asking why there is not an increase of naturalization when congress neglects to provide a sufficient clerical force and courts for that purpose," said Mr. Sigel, explaining the reason for his resolution.

OGDEN HEARS LITTLE TALK ABOUT STRIKE

Railroad Officials Decline To Discuss Walkout of Shopmen

SAN FRANCISCO, July 29.—Orders were received today by local executives of the six railroad shop men's unions to call their members on strike at 10 a. m. next Saturday in the jurisdiction from New Orleans to Portland, Ore., and San Francisco to Ogden, Utah. Union officials estimated that 20,000 men would be affected on Southern Pacific line alone.

Railroad officials in Ogden refused to discuss the threatened strike of railroad shop crafts employees and maintenance of way men.

From the union side the leaders were equally reticent with regard to what will take place locally.

It is believed that about 800 men will be affected by the strike orders in Ogden. There was little information to be had as to whether all these would obey the strike call.

Investigation at the yards of the Ogden Union Railway and Depot company failed to disclose preparations for a strike. When the shopmen struck in 1911 a barricade was constructed around the railroad yards in Ogden.

On all sides the belief is expressed that there will be no strike, the feeling obtaining that something will happen the last minute to prevent a walkout. The threatened strike of the brotherhoods a few months ago is recalled.

JAPANESE COUNCIL O. K.'S NAVAL TREATY

TOKIO, June 29.—(By The Associated Press.)—The privy council passed the naval treaty at the Washington arms conference and submitted it today to the prince regent for ratification.

The council's approval included the provision against submarines and the clause restricting submarines. Viscount Ito, reporting for the council's investigating committee, said the committee found the ratio of ships apportioned to Japan a disadvantage to the empire, and requested the government to use greater care in the future.

The committee of the privy council, however, found that the Japanese delegates at Washington were not at fault in failing to make better terms. From a spirit of respect for the Washington conference in its desire to maintain the world's peace, the committee recommended ratification without amendment.
